On 7-8th April 2022 we had our 3rd Transnational Meeting, and this time most of the partners were able to meet in person! It was hosted by our Greek partner, Asserated Knowledge in Athens.

In this meeting the partners overviewed and updated each other on the development of the IOs through presenting the templates developed by each of the partners. Task assignments, setting of deadlines, and open discussions also took place during the meeting.

Between 28th and 29th of September 2022 the consortium met for the second time face-to-face on the 4th Transnational Partner Meeting in Budapest, hosted by TE-IS.

The agenda included the update on IO3 finalisation and the progress report on IO4, as well as review of the tasks for IO5. The partners discussed the upcoming C1 Short-Term Blended Staff Mobility, which will take place in November and the further piloting of the developed materials.
